Product Description:

UV Printer Ink - High Quality Eco-Friendly Ink for Epson UV Printers

Our UV Printer Ink is specially designed for use with Epson UV printers. It is a eco-friendly printing ink that produces high quality results while being gentle on the environment.

Wide Application

With our UV Printer Ink, you can print on a variety of materials including mobile phone cases, acrylic, and leather. This makes it a versatile choice for businesses or individuals looking to print on multiple surfaces.

Good Flexibility

Our UV Printer Ink has good flexibility, allowing it to adhere well to different materials without cracking or peeling. This makes it a reliable

choice for printing on surfaces that may require bending or stretching, such as phone cases or leather products.

**Large Capacity**

Each bottle of our UV Printer Ink has a capacity of 1000 ml, providing a large amount of ink for your printing needs. This ensures that you can continue printing without frequent refills, saving you time and effort.

**Vivid Colors**

The BK/CY/MG/YL/WH colors available in our UV Printer Ink produce vibrant and vivid results, making your prints stand out. This is perfect for creating eye-catching designs on various surfaces.

**Good Adhesion**

Our UV Printer Ink has good adhesion, ensuring that your prints will stay on the surface without smudging or fading. This is important for creating long-lasting prints that will maintain their quality over time.

**Scratch Resistant**

Our UV Printer Ink is scratch resistant, providing durability for your prints. This is especially important for items such as phone cases, which may be subject to wear and tear.

In conclusion, our UV Printer Ink is a high quality, eco-friendly ink that offers wide application, good flexibility, large capacity, vivid colors, good adhesion, and scratch resistance. It is the perfect choice for those looking to achieve professional and long-lasting prints on multiple surfaces with their Epson UV printers.

Price: \$32  
Delivery Time: 7 days  
Flexibility: Good  
Compatible: Seiko 1024/1020  
Color: BK/CY/MG/YL/WH  
Capacity: 1000 MI  
Application: Acrylic, Leather,plastic,metal

Tucai UV Printer ink is a high-quality universal UV printing ink that is perfect for various applications. Made in China, this ink is known for its competitive price of \$32 and fast delivery time of 7 days. Its flexibility allows it to be used on a wide range of materials, making it a versatile choice for any printing needs.

One of the key features of Tucai UV Printer ink is its compatibility with major printer models such as Seiko 1024/1020. This makes it a reliable choice for businesses or individuals who own these printers. Additionally, its color options of black, cyan, magenta, yellow, and white provide a wide range of choices for printing vibrant and high-quality images.

With a capacity of 1000 ml, Tucai UV Printer ink lasts longer and reduces the need for frequent refills. This makes it a cost-effective option for businesses, especially those with high printing demands. Its excellent adhesion and resistance to fading also ensure long-lasting and durable prints.

The applications of Tucai UV Printer ink are endless. It is commonly used for printing on mobile phone cases, acrylic materials, and leather products. Its quick-drying formula ensures smudge-free prints, making it suitable for printing on various surfaces.

In conclusion, Tucai UV Printer ink is a reliable and high-quality product that offers excellent value for money. Its universal compatibility and versatile applications make it a top choice for businesses and individuals alike. So why wait? Try Tucai UV Printer ink today and experience the difference in your printing needs!
